Minutes of 4th Meeting of State Level Special Task Force held on 28.11.2019 under the Chairmanship of Worthy Advisor to the Administrator in compliance to the Hon'ble NGT order dated 07.08.2018 in the matter of OA No. 139 of 2016 titled Stench Grips Mansa's Sacred Ghaggar River (Suo-Motu Case) and Yogender Kumar.

.....

4th Meeting of State Level Special Task Force was held on 28.11.2019 under the Chairmanship of Worthy Advisor to the Administrator in U.T., Secretariat, Sector 9, Chandigarh to discuss the status of action taken to stop the pollution in River Ghaggar in compliance to the Hon'ble NGT order dated 07.08.2018 in the matter of OA No. 139 of 2016 titled Stench Grips Mansa's Sacred Ghaggar River (Suo-Motu Case) and Yogender Kumar. The list of officials/officers who attended the meeting is enclosed as Annexure-I.

Member Secretary, State Level Special Task Force welcomed all the members and gave the presentation in which he informed the present status of waste water discharge points at Sukhna Choe and N-Choe. Some of the points which were plugged earlier are again found discharging wastewater into the choes. The details are given below:

STATUS OF UNTREATED WASTE WATER DISCHARGE IN SUKHNA CHOE

Sr. No.	Point	Status as on September 2018	Action Plan	Present Status
1	Kishangarh Outlet	There was sewage water discharge from the outlet.	STP was proposed to treat the waste water (To be commissioned by April, 2022).	Plugged
2	Outlet of Village Kishangarh inside Forest Nursery		Chandigarh Administration was to tap the same by 31.03.2019.	
3	Outlet of Shastri Nagar	There was sewage water discharge.	-	Plugged

4.	First outlet of Bapu Dham near bridge on the road connecting IT park with Sector 26, Chandigarh	There was sewage water discharge at first outlet of Bapu Dham near bridge on the road connecting IT Park	-	Earlier it was plugged but as found on 14.11.2019, waste water was flowing in the choe. As per MC, Chd, work of plugging is under progress and will be completed by 30.12.2019.
5.	Second outlet of Bapu Dham Colony (Known as Madrasi Colony)	There was sewage water discharge at second outlet of Bapu Dham colony	Municipal Corporation Chandigarh had stopped all such discharge points and there is no waste water discharge.	Earlier it was plugged but as found on 14.11.2019, waste water started flowing in the choe.
6.	Outlet from back of Gaushala near C & D Plant, Industrial Area, Phase-I, Chd.	There was substantial sewage discharge from back of Gaushala, Industrial Area, Phase-I, Chd.	-	Plugged
7.	Outlet behind Goshalla near bridge, Industrial Area, Phase-I, Chd.	-	-	This is the new point found on dated 14.11.2019.
8.	Outlet behind CTU workshop Industrial Area, Phase-I, Chd. (Inside Forest Area)	There was sewage discharge at the outlet near CTU workshop.	-	Waste water was flowing in the choe as found on 14.11.2019.
9.	Indl. Area, Phase - I, Colony No. 4.	There was discharge from many outlets from Indl. Area, Phase - I, Colony No. 4.	-	Work has been allotted to the agency which is in progress and will be completed by 15.12.2019.

10.	Pump House operated by Municipal Corporation behind Central Poultry Development Organization, Indl. Area, Phase - I, Chandigarh.	In case of Non-operation of pump, waste water directly went to Sukhna Choe on regular basis.	-	As found on 14.11.2019, waste water was flowing in the choe as the motor was not running since 06.11.2019. As per MC, Chd, now it has been rectified.
11.	Outlet of Village Hallomajra	There was substantial sewage discharge from the outlet of Village Hallomajra.	By 31.01.2019 all the household were to be connected to sewer line.	The discharge near Village Hallomajra was from 2 points:- Ordinance cable factory was found discharging sewer in storm drainage lines which has been stopped. Nearly 80% of the sewer connections have been given to the newly laid sewer line at Village Hallomajra and Deep Complex. Work in balance 20% is in progress.
12.	Village Daria	There was discharge of sewage water from Village Daria	-	Rectified
13.	Points adjacent to Kali Mata Mandir near Industrial Area Phase-II Chd.	-	-	The work of cleaning of sewerage lines has been completed. The sewage at this point is coming from : 1. Ram Darbar 2. Hallomajra 3. From Tribune Chowk 4. Sector 42 (Shanti Path) on wards a) The flow of sewage from Ram Darbar, Hallomajra has been reduced and will be plugged by 15/01/2020. b) The flow of sewage

				from Tribune Chowk, Sector 42 (Shanti Path) onwards will be plugged by 31/03/2020.

STATUS OF UNTREATED WASTE WATER DISCHARGE IN N- CHOE

Sr. No.	Point	Status as on September 2018	Action Plan	Present Status
1	Bougainvillea Garden	One Outlet was discharging from MLA hostel side.	-	Plugged
2	Leisure valley	02 outlets were discharging waste water	One Outlet has been plugged and there is little discharge from one outlet, will be plugged by 31.12.2018.	Plugged
3	Near red cross (Madhya Marg)	01 outlet was discharging waste water	-	Earlier it was plugged but as on 18.11.2019, fresh water was flowing in the choe.
4	Sec 23 near B.D Hospital (Neuro Psychiatry)	01 outlet was discharging waste water	-	Plugged
5	Bal Bhawan side	Very less discharge	-	Plugged
6	MCM DAV	One outlet was discharging sewage water.	-	Plugged
7.	Bridge point near beant memorial	-	-	As on dated 18.11.2019, wastewater was flowing in the choe but

				it has been plugged as found on dated 25.11.2019.
8.	Bridge point sec-42 (girls college side)	-	-	As on dated 18.11.2019, wastewater was flowing in the choe.
9.	Attawa	02 points were discharging sewage water into N-Choe.	-	Major points have been detected in Sector 25, 37, 38 Chandigarh. Same shall be rectified by 31.01.2020 as the tender for laying of new sewerage lines for Sector 38 A, Chandigarh has been called and work will be got completed by 31/01/2020.
10.	Sector 53 point near furniture market	One outlet was discharging sewage water	-	Plugged
11.	Sector 53 point in Gardens of springs	One outlet was discharging sewage water in huge quantity (Adarsh Colony).	-	The work of diversion of sewerage at Sector 55 has been completed. Only 20% of the waste water of Aadarsh Colony (Slum) has to be tapped to stopped. Topographical survey has been completed, technical proposal is under process to tap this balanced sewer

The Advisor to the Administrator directed Commissioner, Municipal Corporation to take corrective measures and increase vigilance to stop discharge of untreated wastewater illegally.

2. Status of Tenders w.r.t. upgradation of STPs and construction of new STPs

The Commissioner, Municipal Corporation, Chandigarh informed that the process of tendering is in process. Two bids were received by Chandigarh Smart City Limited for up gradation of existing STPs and construction of new STP. Technical evaluation of bids has

been completed but objections were raised in the house. However, the details are yet to be received. As stated before, the timeline for upgradation of existing STPs and construction of new STPs was November, 2021 but now it has been revised to April, 2022.

3. Status of Action taken by Municipal Corporation, Chandigarh regarding non-compliance of existing STPs.

Member Secretary, SLSTF informed that Maloya STP has started its operation in the month of August, 2019. Regular monitoring of all the six STPs is conducted on monthly basis in which it has been found that some of the STPs are not meeting with the prescribed standards.

MC Commissioner informed that they had appointed NEERI to find out the reasons for poor performance of STPs. The team had visited the STPs two times and the detailed report is yet to be submitted. The Advisor to the Administrator directed Commissioner, Municipal Corporation to follow up the matter with NEERI and expedite the process.

The meeting ended with thanks to the Chair.
