## **MONTHLY REPORT FOR THE MONTH OF FEBRUARY, 2021**

### **SUBMITTED BY DISTRICT LEVEL SPECIAL TASK FORCE**

24<sup>th</sup> meeting of District Level Special Task Force was held on 8.02.2021 under the Chairmanship of Sh. Kuljit Pal Singh Mahi, P.C.S, Additional Deputy Commissioner, U.T. Chandigarh in D.C. office, Chandigarh.

#### **1. Status of upgradation of STPs and construction of new STP.**

Sh. Satwant Singh, Chandigarh Smart City Limited informed that upgradation of the existing STPs has already started. The Chairman, DLSTF, directed the Chandigarh Smart City Limited to speed up the process of upgradation so as to ensure that the work gets completed within the set timeline.

Sh. Vivek Pandey informed that construction of STP at Kishangarh has also started.

#### **2. Discharge of untreated wastewater from STPs during upgradation.**

Sh. Vivek Pandey informed that Executing Committee (constituted by the Hon'ble NGT) has directed that during upgradation of STPs, no wastewater should be discharged without treatment.

Sh. Satwant Singh, CSCL, informed that they are trying their best to do the upgradation work without any changes in existing set up. However, in the STPs, where there is no space, there might be chances that untreated wastewater has to be released for some time.

#### **3. Status of plugging of various points of Sukhna choe and N-choe.**

Sh. Vijay Premi, Executive Engineer informed that all the points at N-choe have been plugged. Now, there is no sewage discharge in N-choe and in Sukhna choe, all the sewage discharge outlets have been plugged except at Raipur Khurd, where work is already going on and will be completed by 15.2.2021.

#### **4. Status of health check up camps with an objective to prevent water borne diseases.**

Ms. Shobhna Pathania, Nodal officer, Health department informed that health camps could not be conducted due to COVID 19 situation. However, will be started as and when the situation improves.

#### **5. Status of installation of Real time water quality monitoring station (RTWQMS) at Sukhna choe and N-choe.**

As per the information provided by the Engg. Department, Chandigarh Administration, RTWQMS at N-choe has been installed and is operational. Access of data has been given to Engg. Department and CPCC. The tender for RTWQMS at Sukhna Choe has been allotted and work will be completed within one month approx.

**6. Status of phyto-remediation at Sukhna choe and N-choe.**

As per the information provided by the Engg. Department, Chandigarh Administration, a meeting was held on 22.01.2021 with the representatives of CPCC and Sh. S.S. Matharoo, Environmental Engineer, Punjab Pollution Control Board and Chief Engineer, Chandigarh Administration for installation of in-situ remediation at Sukhna Choe and N-Choe . It was decided that Sh. S.S. Matharoo will submit the design after receipt of latest report of BOD Pollutants, discharge & characteristics of water and accordingly, the work will be started within this month.

**7. Regular inspection of industries.**

Sh. Vivek Pandey informed that regular inspection of industries is being done and recently, 1 unit in Raipur khurd has been sealed as it was running without consent from CPCC and discharging wastewater without treatment. CPCC has already decided to file court case against the unit.

The Chairman, DLSTF directed all the departments to comply with the directions of the Hon'ble NGT and the Executing Committee.
